

## Appendix 4 Declaration from the manufacturer of the primary packaging component

### - plastic packaging

### -paper-based packaging for solid products

To be used in conjunction with an application for a licence for the Nordic Ecolabelling of dishwasher detergents and rinse aids.

This declaration is based on the knowledge we have at the time of the application, based on tests and/or declarations from raw material manufacturers, with reservations for new advances and new knowledge. Should such new knowledge arise, the undersigned is obliged to submit an updated declaration to Nordic Ecolabelling.

Please note that small amounts of impurities when using recycled materials are possible and do not affect fulfilment of the requirements.

Producer/distributor
Part of the packaging (container, closure, label)
Packaging material (type of plastic, cardboard etc.) List all materials included in the packaging component and the percentage of each material.

How should the packaging component be recycled? (E.g. as cardboard or plastic packaging) (O18)
--

O19: Rigid plastic packaging	
Does the container/closure contain post-consumer/commercial recycled material (PCR)*?	Yes <input type="checkbox"/> No <input type="checkbox"/>
<p>* Post-consumer/commercial recycled material is defined in the requirement according to ISO 14021:2016: "Post-consumer/commercial" is defined as material generated by households or by commercial, industrial and institutional facilities in their role as end-</p>	

users of the product, which can no longer be used for its intended purpose. This includes returns of material from the distribution chain.		
<b>If yes, state the percentage PCR (weight%):</b>		
Is the component made of monomaterial?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>If no, is the component a PE- or PP-closure for use in squeeze bottles?</b>	Yes <input type="checkbox"/>	No <input type="checkbox"/>
If made of polyethylene terephthalate (PET): Have any pigments/colours been added?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Has carbon black been added to the component?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Are fillers used in the components?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>If yes, state the density of the packaging component [g/cm3]:</b>		
Are any barriers used in the component?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Does the component contain metal seals or other metal parts?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
For closures: Does the component contain silicone?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>O20: Flexible plastic pouches</b>		
Is the component made of monomaterial?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Are any barriers used in the component?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>If yes, please state barrier type and percentage (weight %):</b>		
Has carbon black been added to the component?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Are fillers used in the components?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>If yes, state the density of the packaging component [g/cm3]:</b>		
Does the component contain metal seals or other metal parts?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
For closures: Does the component contain silicone?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>O21: Labels for rigid plastic packaging</b>		
Does the label contain post-consumer/commercial recycled material (PCR), as defined in ISO 14021? (requirement O19)	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>If yes, state the percentage PCR:</b>		
Please specify the label material:		
For non-polyolefin plastic labels applied to PE or PP containers: Please state the density of the label:		
Note: Density in g/cm3, not the grammage.		
For labels applied to PET containers: Please state the density of the label:		
Note: Density in g/ cm3, not the grammage.		
Is there Polyvinyl chloride (PVC) or other halogenated plastics present in the labels?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Does the label contain metal?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
<b>O22: Paper-based packaging for solid products</b>		
Does the packaging contain recycled material*?	Yes <input type="checkbox"/>	No <input type="checkbox"/>

<p>* Recycled material is defined in accordance with ISO 14021 in the following two categories.</p> <p>Material in the pre-consumer phase. Material that has been taken from the waste flow during the manufacturing process. The exception is the re-use of material that is generated in a process, e.g. waste that can be recycled within the same process that generated it.</p> <p>Material in the post-consumer phase. Material generated by households or by trade, industry or institutional facilities in their role as end-users of a product that can no longer be used for its intended purpose. This includes the return of materials from the distribution chain.</p> <p>If yes, state the percentage recycled in the wood raw material that is used in the paper/board:</p>		
With reference to the percentage PCR in the wood raw material above: Is the remaining proportion of wood raw material covered by the FSC/PEFC control schemes (FSC controlled wood/PEFC controlled sources)?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Is the packaging a cardboard packaging?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Is the packaging a corrugated board packaging?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Is the packaging laminated with any barrier material?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, please state the barrier material type: .....	Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, is the laminate on one side only?		
Does the packaging contain PVC (polyvinyl chloride) or other types of halogenated plastics?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Does the packaging contain metal seals or other metal parts?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Is the packaging material solid coloured?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
