

Appendix 3 Declaration on sensitising substances in the process water for wet wipe carrier material

To be used in conjunction with an application for a licence for the Nordic Swan Ecolabel of cosmetic products.

This declaration is based on the knowledge we have at the time of the application, based on tests and/or declarations from raw material manufacturers, with reservations for new advances and new knowledge. Please inform Nordic Ecolabelling if new knowledge arises and submit an updated declaration.

Manufacturer/supplier
Wet wipe material (tradename and composition)

O26: Process water	YES	NO
Are sensitising substances with H317 and/or H334 used in the process water of the wet wipe material?		
If yes, does the concentration in the carrying material/wipe exceed 0.10 ppm per sensitising substance? Enclose an analysis report.		

In the event of any change to the composition of the product, a new declaration of fulfilment of the requirements is to be submitted to Nordic Ecolabelling.
