

Appendix 6 Declaration from the manufacturer/supplier of metal

Name of the metal raw material:
Manufacturer /supplier of the metal material:

This declaration is based on the knowledge we have at the time of the application, based on tests and/or declarations from raw material manufacturers, with reservations for new advances and new knowledge. Should such new knowledge arise, the undersigned is obliged to submit an updated declaration to Nordic Ecolabelling.

For suppliers: If you do not have knowledge about the complete composition of the raw material/ingredient you are obliged to obtain this information from the manufacturer.

The requirement does not apply to residuals from raw materials production or processing. Residuals are considered to be residuals, pollutants and contaminants derived from raw materials production/processing included in metals in concentrations of < 100 ppm. Substances that are deliberately added to a raw material or included for a purpose are not considered to be impurities, irrespective of the concentration.

Does the metal raw material contain:

chromium VI, nickel, mercury, lead, arsenic or cadmium? Yes ☐ No ☐

Is the metal surface treated with:

chrome, nickel, lead, cadmium, tin or zinc? Yes ☐ No ☐

Metal manufacturer's/supplier's signature

Place and date:	Company name:
